

N.W.O. Men's Fellowship Breakfast

February 24th, 2018

We are very excited to have Ann and Darrell Branham join us to share their Spiritual experiences and their love of Christ through music. This will be an uplifting sharing of how their personal relationship with Christ has grown and led them to share this overwhelming revelation of Christ's love with others. God has inspired them to use the gift of Gospel music by sharing this music at different senior facilities and events, bring back great memories and lifting up praise to God. Come and join us as they lead us in some great Gospel music that will warm your heart. Hear how God has walked with them on their Spiritual journey.

We feel the greatest message they have to share is how God takes ordinary people and moves them to minister in simple ways to bring joy and his presence in our hearts.

We invite all men/women/families from all Faiths' to join us to share fellowship as brothers and sisters in Christ. This is an ecumenical effort to bring all Faith's together to share fellowship, listen to insightful sharing, and to enjoy a great breakfast with others in Christ's love.

Join us, even if you never have, and meet some new friends in Christ.
